DCSS Mission Statement

The mission of the Washington DC Sleep Society is to promote excellence in the areas of sleep medicine, patient care, education and research. By promoting the highest standards in these areas, the Society will serve to represent the District of Columbia sleep community in the advocacy of public policy issues potentially impacting the profession. The Society will serve as a strong and unified voice for all DC Polysomnographic Technologists and Sleep Specialists as the profession advances into a distinct medical specialty. The Society will also serve as a network for the exchange of all sleep related information and ideas.

*This program is co-sponsored by the Psychology Department of Howard University. The Howard University Psychology Department is approved by the American Psychological Association to sponsor continuing education for psychologists. The Howard University Psychology Department maintains responsibility for this program and its content.
